

St. John's Shingle / Solar Project

St. John's Shingle / Solar Project has received approval from the Diocese of Algoma Executive Committee and the Diocese has approved our loan application for project financing. We thank Thunder Bay Deanery officials, Archdeacon Deborah Kraft and Regional Dean Ed Swayze, for their guidance and for presenting our proposal to the Diocesan Executive.

St. John's has completed all application approvals and now we must complete the project. As approved by Vestry, St. John's is responsible for partial financing of this project. To fulfil our responsibility St. Johns is "selling" Solar Panels. Each "sale" will be a donation to the St. John's Capital Fund and will receive a tax receipt.

Purchase information form:
